# e15

## A welcoming entrance. An easier everyday life.

Give residents more than a noticeboard. Bring building news, documents, bookings, a community forum and public transport information together on a large 15.6-inch touchscreen. Easy to find. Easy to use.

Floor directory on the left. Resident information in the centre. Menu on the right.

### Keep residents informed

Share timely notices and practical information where residents pass every day.

### Simplify everyday tasks

Let residents book shared facilities directly on the touchscreen.

### Bring services together

Combine information, card access and booking in one easy-to-use solution.

# Everyday building life, on one screen

From the next bus to essential building documents. Vixinity e15 turns the entrance into a useful information point, helping residents find what they need, plan their day and take part in building life.

## Public transport information

The next journey starts at the entrance.

Display public transport information so residents can plan their journey as they leave. Practical everyday support, right where it is needed.

## Document hub

Essential information within easy reach.

Keep building rules, instructions, contact details and community documents in one clear location. Make answers easier to find when questions arise.

## Community forum

Give your community a place to connect.

Make room for conversations, questions and ideas between neighbours. A forum encourages participation, useful exchanges and a stronger sense of community.

## Facility booking

Make shared spaces easier to enjoy.

Let residents book shared facilities directly on the touchscreen. A clear route to booking makes the building’s amenities easier to use.

## Resident information

Put important updates in plain sight.

Highlight service updates, planned works and activities where residents pass. Present important notices in a clear view alongside the floor directory.

## Card and fob access

Multiple functions. One solution.

The built-in reader provides convenient access using cards or fobs. Combine access, information and booking to make the entrance work harder for your property.

**Better service for residents. More value for your property.**

# More value at every entrance

For housing associations and property owners looking to make information more accessible and everyday tasks easier for residents.

### A clear overview

Three columns provide space for the directory, current notices and simple navigation.

### Access and booking

Built-in card and fob reader, plus booking for shared facilities.
